

WEDDING TARIFF 2014 & 2015

The House at Weston Park is the perfect setting for a memorable wedding, with its historic elegance and professional team of staff dedicated to make your day one to remember. This wonderful 17th Century Stately Home is only available on a private use basis, enabling you to enjoy the House as if it were your own. Weston holds a civil license for weddings, which can take place in either the Music Room or historic Dining Room. Blessings and wedding ceremonies can be held in the beautiful Parish Church of St Andrews, which is adjacent to the House.

Set in 1,000 acres of parkland, the House is enclosed by a 5 mile perimeter wall. Whether it is a glorious Summer afternoon or a crisp Winter's day, the Italian Broderie Gardens offer an exquisite location for photography whilst your guests can enjoy wandering at leisure through Weston's delightful gardens with colourful flowerbeds and beautiful shrubbery.

The ground floor rooms of the House are stunning for a Champagne Reception and photography. The Marble Halls, complete with a grand marble staircase, leads into the Salons, originally an open courtyard which is now a gallery of a fine collection of paintings. The Victorian Library houses an impressive collection of 3,000 books and is an idyllic setting to relax.

The Wedding Breakfast can either be held in either the enchanting Victorian Orangery with natural stone walls offering superb views over the Italian Broderie Gardens or alternatively, the impressive historic Dining Room can also be used with Weston's finest collection of paintings, including works by Van Dyck and Lely adorning the walls overlooking the terraced gardens.

Staying at Weston is a truly special experience, each of the 28 bedrooms in the House are individually designed to reflect the unique character of the House. Sir Benjamin Disraeli was a frequent visitor and the room given his name is just one of the historic bedrooms in the House on offer to residential guests.
